## What is Give For Good?

### The biggest day of local giving

24-hour online giving day

September 12, 2019 from 12:00 AM to 11:59 PM

During this special 24-hour online giving day the Community Foundation of Louisville encourages the local community to give generously to one or more of the 500+ participating nonprofits that make our community a great place to live, work, and play. SeniorCare Experts is one of these participating nonprofits!!!

---

Dear Friend

SeniorCare Experts depends on donations to help the many seniors we serve. An average of 40% of our clients face financial hardship. We do not want to turn anyone away.

We have become a resource in our community. Families as well as professionals in the health field call SeniorCare Experts when there is someone in trouble. We help even when there is no compensation because it's the right thing to do.

*We need your help to continue helping those in need.*

Will you consider helping a senior? If you and two of your friends made one donation, just think of the impact we could have!

However, if you are not comfortable making a donation on line, we have a solution!

We are having a party from **4 to 7** on **Thursday the 12<sup>th</sup>** at our offices. We will have food, drink and even live music! We will help you make a donation safely and securely! We can even print receipts for you!

**Here is what some folks are saying about SeniorCare  
Experts...**

The City of Plantation has called on Senior Care Experts at least twice for emergency responses. In both situations, the EXPERT staff responded professionally and quickly.

The first situation involved an older adult living alone in her home who did not know that service on her landline phone and cell phone had been disrupted due to non-payment. And worse yet, her utilities were about to be shut off! SCE helped this resident to work out payment arrangements and reviewed her income and expenses with her; this intervention allowed her to continue to age-in-place in her home of 60+ years.

Most recently, a resident was caught on personal security cameras walking through the City at unusual hours of the night and, sometimes, trying to enter backdoors, gates, and garages. Her jaunts were being shared on social media causing public concern to escalate...both for the safety of the wandering resident and protection of affected residents' property. Again, with one brief call, SCE pulled together a very compassionate and qualified team of mental health and public safety professionals to intervene...late into a Friday evening...to ensure a successful outcome!

Why did Senior Care Experts respond without promise of compensation? Because, they said, it was the right thing to do! And they THANKED ME for allowing them to serve our community!! The leadership and staff of Senior Care Experts have earned my utmost respect and gratitude.

Becky Peak  
Mayor for the City of Plantation

*I want to thank all of you at SeniorCare Experts and Guardian for your wonderful service. My brother has your basic service and wears the necklace with the alert button. Recently, on August 17th 2019, he fell while outside on his patio and hit his head. His head was bleeding profusely. He was able to push the necklace alert button. An ambulance was promptly sent, He was hospitalized for three days. and thankfully is now at home.*

*I feel that having this alert service for him possibly saved his life. He lives alone. This service gives his family some peace of mind. Again, thank you so much*

*L.S.*

*I just had a nice conversation with Marian today about how much we*

*appreciate all that your organization is doing for my Dad. I'm thankful that Lisa Watkins at Christ Methodist put us in touch with you.*

*Everyone at SeniorCare Experts has been very nice and professional any time I've called or emailed with questions about menus, etc.. The volunteers who deliver the food are courteous and friendly. And Marian is always quick to answer a phone call or email with a kind and pleasant response.*

*Thanks again for everything. We're big fans of what you're doing for the community and pray that your efforts continue to get the support and appreciation they deserve.*

*D. A.*
