

# SeniorCare Experts

*Helping Seniors Live Independently*

*Dear Friends and Family of SeniorCare Experts,*

*We are deeply saddened by the tragic deaths of George Floyd, fellow Kentuckians, Breonna Taylor and David McAtee, as well as others. We watch in horror as the Black community is targeted with bias, on sight judgments and use of deadly force. We all grieve with the families that have been affected and support peaceful protests.*

*SeniorCare Experts has always stood for fairness, equity, diversity and inclusion. We serve anyone that needs help without prejudice.*

*We feel that all citizens should feel safe in their homes, feel accepted and loved. SeniorCare Experts has a very holistic approach to care for older adults, as well as adults affected by physical disabilities - MS, Parkinson's, Stoke, Epilepsy, or Dementia. We focus on the individual and what his or her needs may be.*

*SeniorCare Experts continues to look for ways to eliminate inequality of access to care. We are committed to contributing to a more unified society.*

*Sincerely,*

# National Safety Month

June is National Safety Month and SeniorCare Experts takes the safety of our clients very seriously, especially safety in the home.

According to a 2010 AARP survey, nearly 90 percent of respondents over the age of 65 said they wish to remain in their home for as long as possible, and 92 percent said they wanted to remain in their communities. However, the risk of falls/injury is higher as seniors age but if the right precautions are taken the percentage of risk goes down. Click below for some suggestions to make your home safe.

## AARP Home Safety Tips

---

### Personal Emergency Response System

SeniorCare Experts mission is "To enable seniors to live healthy, comfortable and fulfilling lives at home, by being a trusted non-profit of services, products and information in metro Louisville". One of the ways we live out our mission is by partnering with Guardian Medical Monitoring to provide seniors with medical alerts to use in the home and in the community. These alerts gives them the confidence and freedom to live more independently in their home. Guardian Medical Alert is an easy-to-use personal response service that enables older adults to get quick, caring assistance at the touch of a button whenever necessary-24 hours a day, 365 days a year. There are multiple different devices to choose from. If you would like more information on this service or any of our other services give us a call at 896-2316 or click the link below to visit our website.

## We Need Your Help

SeniorCare Experts depends on donations to help the many seniors we serve. An average of 40% of our clients face financial hardship. We do not want to turn anyone away. If you would like to contribute to our mission please consider making a donation to SeniorCare Experts. Any amount you can give is greatly appreciated, just click the link below to visit our website.
